

Why choose us to arrange your Boat Club Insurance?

We are **accessible, knowledgeable, professional** and **highly visible** in the event of a claim.

Fowler Penfold Marine would like to introduce Chaiya Hallard our Corporate Marine Risk Manager, who is fully experienced in the risk management of complex marine insurance.

As a keen enthusiast, and a boat owner himself, he commands a huge respect from within the industry by utilising very unique knowledge from small pleasure craft to the most complex manufacturing risks.

Most importantly, unlike other brokers, insurance placed with Fowler Penfold Marine means you can access our managers 24/7 as they fully understand that claims or risk changes happen at any time, and not only during working hours.

Backed by a team of six claims handlers and with access to our own loss assessors, we are fully prepared should the most unfortunate happen - ensuring your claim is dealt with smoothly, and without aggravation.

Being recognised within the top 100 independent commercial brokers in the country, Fowler Penfold now has facilities and insurers others marine brokers simply cannot access. We are proud and confident that we can provide you with more favourable premiums than you currently enjoy.
