

Why choose us to arrange your Mobile Marine Sole Trader Insurance?

We are **accessible, knowledgeable, professional** and **highly visible** in the event of a claim.

Fowler Penfold Marine would like to introduce our Corporate Marine Risk Manager Chaiya Hallard. Chaiya is vastly experienced in the risk management of complex marine insurance.

Chaiya is a keen enthusiast and boat owner himself adding to the huge respect they already command from within the industry by utilising their very unique knowledge from small pleasure craft to the most complex manufacturing risks.

One sector that we recognise as being penalised adversely, with increased premiums, is the **'Ship to Shore'** contractors. Here at Fowler Penfold, we are now pleased to introduce our **new** dedicated scheme designed to cover **all mobile traders** without business premises, who operate within the Marine Trade, Yacht and Pleasure Craft sectors.

Backed by a panel of leading insurers unique to this company, we are proud and confident that we can provide you with these facilities at a more favourable premium than you currently enjoy.

Most importantly, unlike other brokers, you can access our managers 24/7 as they fully understand that claims or risk changes happen at any time, and not only during working hours. Backed by a team of six claims handlers and with access to our own loss assessors, we are fully prepared should the most unfortunate happen to ensure your claim is dealt with smoothly, and without aggravation.

Covers available (not an exhaustive list):

- Public & Products Liability (Various limits available)
- Tools Cover anywhere in the UK
- Heat Work Away
- Demonstrations, Trials & Testing
- Yacht Yard Indemnity (Cover for third party property in your care, custody & control)
